Lucas-Milhaupt Celebrates 75 Years

Highlighting Metal Joining Solutions and Technical Expertise at AHR Expo

LAS VEGAS, Nev., January 30, 2017 – Lucas-Milhaupt Inc., a global industry leader in metal-joining products and technology celebrates 75 years of brazing excellence. The first event to kick-off this monumental anniversary will be held at the International Air-Conditioning, Heating, and Refrigerating Exposition (AHR). At the Expo, Lucas-Milhaupt will highlight its high reliability metal joining solutions to meet the needs of the latest generation of HVAC/R systems and components, along with providing show-goers with learning opportunities.

Over the past 75 years, Lucas-Milhaupt has grown into a global leader developing a unique business with comprehensive custom fabricating services, technical expertise and knowledgeable technical support. They have become one of the world's leading suppliers of brazing and soldering materials, not only offering an extensive assortment of innovative products, but also supplying custom formulations meeting any size or shape requirements. From the beginning, there has always been an emphasis on high-level technical support and training, and that philosophy has only grown over time.

"We are excited to kick-off our 75th year anniversary at AHR Expo, as well as offering demonstrations of our latest techniques at the show," said Gary DeVries, global marketing manager, Lucas-Milhaupt. "As always we will continue to educate our customers through brazing audits, classroom and hands on training, which provides a solid foundation in brazing fundamentals. This type of support is truly what separates us from the rest."

As a brazing legacy, Lucas-Milhaupt is a division of the widely diversified Handy & Harman, Limited. Coinciding with their anniversary celebration is the parent company Handy & Harman's 150th Anniversary. They hold the original patent and trademarks of many of the brazing alloys used by manufacturers and contractors within the HVAC/R industry today.

--more--

Lucas-Milhaupt will showcase its complete line of brazing and soldering filler metals in booth #C1545 at AHR Expo, where they expect to meet with hundreds of attendees such as contractors, engineers, dealers, distributors, wholesalers, OEM's, architects and builders, manufacturer's agents and reps, and more.
